Assessor Comments: A great offering of EU PTIC Heifers A/C the breeder. Heifers are from Talooby Bld Cows and have Hazledean, Rennylea and Hardhat influence. Heifers are tested back to L.B.W. Kidman and Hardhat Angus bulls (refer to pictures for EBV's). Heifers weight ranged from 399kg - 327kg to average 352kg after a big 24hour curfew. Heifers presented in forward store condition, and show good length and size for age. Vendors cattle are highly sort after across major feedlots and heifers displaying all the characteristics of great future breeders. Additionally, vendor can assist with transport of stock.
