Assessor Comments	A B-Dble load of Vendor bred Angus Steers from Central Victoria. The O'Sullivan Family run a large number of sheep and the cattle are not pampered. They have come through a cold Kyneton Winter and present in good store condition but not carrying excess fat. Exactly how a fattener or backgrounder would like to buy them at this time of year, with value in every Kilogram. They are very healthy and set to thrive in warmer and softer Spring conditions. Showing good breeding and conformation by the Langi Kal Kal Bulls. The doing ability of these cattle has been recognized by repeat buyers over the years.
