Assessor Comments	This is the complete drop with 10% removed from the tail that are just the younger lambs. These lambs are still fresh and ready for whatever feed is put in front of them. Originally drafted 3 ways with the tops averaging 38.5 kg but due to numbers and making sure that we could put together complete truck lines, they were put back with the mob and are being offered as the complete drop that has been split into 2 x 4 deck lots and 1 x 6 deck lots. All of which are being offered in todays sale.
