JD Approved Vaccinates	Sheep are not JD Approved Vaccinates.		

Vendor Comments	Annual sell off of Nundora bred wether lambs.
Assessor Comments	On offer is a quality line of 700 x M/J drop lambs by "Mannion Pastoral" Ex "Nundora Stn". Lambs are unshorn weighing 22-36kg to average 32kg after an 8hr curfew. Tail stripped, Weaned and presenting in store condition, lambs are still very fresh and primed to go forward. Bred from large framed ewes from leading SA genetics selected by Cousins merino services these lambs have previously preformed well for purchases as backgrounders, woolgrowers or growing out to target trade markets or heavy export lambs given the opportunity. *There was a small percentage of lambs with some scabby mouth (see photos) due to the current season with burr but seemed to be on the improve and shouldn't be cause for concern.
