| Assessor Comments            | This is the lead draft of mixed sex lambs off Kanoona. All lambs were weighed 38 kg plus. Lambs are June/July drop, and have been weaned for 4 weeks on a composite crop of Oats/Vetch/Field Peas and access to lucerne/clover pastures. They have done very well since weaning and have not had a setback. There was a large tail removed prior to assessment. Note: there is another 210 lambs this sale also that are the middle draft (29-37kg) to make up 6 decks. |                          |              |
