Good quiet run of Angus steers. Ran through crush easily, with 7 becoming very slightly agitated on scales, quickly calming once back with the mob. The vendor said steers came into yards extremely well.

Assessor Comments	Angus steers ready to go ahead if given the opportunity. These steers range from 226-270kg to average 257kg at assessment and should go on to meet most market specs. Steers are by vendor's own Angus cows or cows originally purchased and are by the Brooksby or Booroomooka Angus sires. There is one steer that has some red tinge in its coat. There were 3 steers with varying degrees of ringworm on the neck and face. The vendor has 14 lighter & younger steers in today's sale, same mob but different mother.
