Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.
Assessor Comments	Buyers presented are two 4 deck lots of shorn new season lambs, one mark and account the breeder. Vendor sources quality sires from Valley Vista Poll Dorsets and consistently buys in the top 20% of the sale. Lambs are out of large framed Western bred merino ewes. This is a rare opportunity at this time of the year with all the work being done for the buyer. Up to date health treatments and a few weeks off the board these lambs are up and going, and will continue to do, given the chance on good quality feed. Vendor traditionally grows lambs out to trade weights, but they can make export weights in the correct environment if buyers wished to achieved so which has been done in the past. Buyers please note in this lot; there was a small percentage with dermo in wool from the high rainfall, the very odd lamb with minor scabby mouth, a handful of long tails marked at shearing time and small percentage with minor shearing cuts. For any enquires contact myself or Bede McCann (0458003001).
