Assessor Comments	A very good quality line of performance bred lambs out of productive type centreplus & bundilla blood merino ewes by high indexing lambpro poll dorset rams. Lambs have been weaned drenched and vaccinated ready to go. These lambs have been individually weighed 36-44kgs and are an extremely even line of feeder lambs. Lambs are in a fresh forward store condition and are really on the do displaying good shape and growth. They are a run out the gate of 1100 lambs.
