These steers handled through the yards very well. The odd steer stirred up when isolated or in the crush. Cattle moved around quietly while photos were taken and some walked up and were quite inquisitive.

Assessor Comments 70 head out of a run of 348 steers. These vendor bred steers are showing good weight for age and have plenty of frame to perform. Steers have plenty of frame to carry added weight and as such would expect good compensatory gain. An opportunity to buy a good run of feeder steers that are ready to go on with and that have a single brand. Coming off good Mitchell grass these cattle are ready to grow in either the paddock or feed yard. Buyers please note vendor has other lots in the sale and requires same day delivery. At assessment there were 5 steers noted with fly scarring. Cattle will be delivered as a fair and even split over the sold lots.
