Temperament

Yards	Crush	Paddock
Slightly Stirry: 15 head Stirry: 2 head	Slightly Stirry: 15 head Stirry: 2 head	Temperament not assessed in Paddock

Cattle moved quick in the yards and preferred to stay as a tight mob and increase distance between themselves and the handler. Cattle have had very little handling and have shown signs of settling.

Handled With	Bikes , Vehicles

Assessor Comments	A good line of young heifers that will either suit a feeding program, grassfed option or make excellent mothers and addition to your herd. The long term breeding history in the females is a real attribute and has been compliments by the Long Valley Black Simmental Angus hybrid. The heifer are showing sound structure, plenty of length, early signs of carcass expression. Heifers from the herd have proven themselves in the past with repeat buyers either giving them opportunity in a feeding situation or taking them on as breeders. This group of heifers will benefit from hybrid vigour with emphasis on an expression of maternal traits. ** Please note bull was found in the mob at assessment and removed.
Assessor	**ADRIAN O'BRIEN (Level 2 Accredited)** Phone: 0427 351 773

Delivery Period	01/06/2024 to 08/06/2024 (8 days)
