Assessor Comments	14 top quality Angus Steers Acc. Newman Biotech "Willow Park" - Bowna. August/September 2023 drop. These Steers are the tops of 168 one mark steers offered in this sale. The above steers are bred out of "Willow Park" Angus cows which principally are from a Rennylea genetic base with Rennylea, Mundarlo Angus & Hicks Beef bulls used. Yard weaned 24/3/24 - Vendor has a strong emphasis on low stress stock handling & yard training weaners which is evident as these steers were a pleasure to draft & manoeuvre throughout yards whilst assessing. Here presents an opportunity for perspective purchasers to put together a nice line of quiet steers that are pure frame & carrying no excess condition, shown the correct rise of nutrition will see these steers have strong compensatory weight gains in the foreseeable future. Note same vendor has two more lots (104 & 50) of the same steers offered in this sale.
