Assessor Comments: A very good line of EU accredited Angus heifers, vendor bred, weaned and ready for the bull of your choice or have plenty of breeding in them to grow on and feed for the domestic market. They are Dollar Angus blood and have been using their bulls for a number of years, With the selection based on growth, temperament, and meat yield. These heifers are usually retained and sold later in the year however due to the extreme dry conditions they are being offered now. These heifers have enough weight and growth to be joined now, they are quiet and a pleasure to handle. There are another 13 heifers in the sale from the same vendor that are a younger drop
