Assessor Comments	This is a well bred line of heifers the tops of the drops that have already preformed in a tough season. Heifer are out of large frame cows and will grow into front paddock cows. They have plenty of weight and frame still running with their mothers until delivery but the cows look to have dried them off. All heifers with a blue management tag are out of the older stud cows. These heifer would normally be retained as breeders however the property is on the market so complete drop offered in this sale. Please be aware that a couple of bulls were retained out of the old stud cows and were removed from the mob at assessment. Vendor has multiple lots in the sale and ProStock will offer multiple lots from other vendors of similar cattle that can be delivered to Mt Compass Saleyards at the vendors cost.
