Heifers were a pleasure to work in the yards, with the odd heifer becoming agitated in the crush, when returned to the mob then settled.

Assessor Comments Buyers please find a line of Braford heifers ideal to either breed from or background to feeder's or fats. Showing great weight & frame for age these heifers would explode on a paddock with feed. Heifer's weighing 192kg to 312kg. The only reason the vendor is parting ways with these heifers is because there has been no rain so unfortunately they have run out of room. Vendor guarantees heifers clear of the dip with delivery to be taken on farm at 'Karanga", Comet.
