Quiet cows and heifers, bordering on being docile.

Assessor Comments	A line of young cows and heifers with calves at foot which will suit a restocker. There is a range of frame in the cows with 30% large, 55% medium and 15% small frame. The large frame are generally the Wagyu cross cows. The cows are doing a great job on the calves and will benefit from a lift in feed. Two Angus cows noted with some white underline, 3 cows noted with "blue eye" blemish. The calves are either by a Barana Angus bull or a Fleckvieh bull from Herlo Park or Wandenia.
