	2 Head Blue spot or slightly cloudy eye

Assessor Comments	Buyers a single deck load of very good quality mainly Angus/Hereford cross steers that have presented in excellent condition and seem to be doing very well. These steers will suit a domestic feedlot operator or to background to heavier weights as either export feeders or kill steers off grass/crop next year. There is also a B-Double of heavier weight steers at this property available or a further two lots (6 decks) of Angus steers located at Aberdeen only about 40kms away that can be used to go with these. These have in the past had access to grain so aren't available to be used for grassfed slaughter markets. These were yarded about 14 hours prior to assessment but were on water and had access to silage in the yards so please treat as full at assessment.
