	Cattle displayed very good temperament. 1 cow when separated from her calf and put in the force stirred up, wasn't aggressive in anyway and when put back with her calf and the rest of the mob settled down well. Aside from her the rest of the mob were nice and quiet, handling very well. We blocked the entire lot in a corner of a small holding paddock while getting photographed easily and they remained calm and well mannered the entire time.

Assessor Comments	On offer is a very good quality line of Angus X heifers with their first calf at foot. These cattle are well grown and have an even line of calves at foot which were all dropped within 4 weeks of each other. Calves are sired by Reiland Angus Bull R438. CAF were marked by vendors at assessment and given a 5in1. Heifers were originally purchased a/c the breeder out of a Forbes Store Sale. These cattle are quality outfits, heifers are nice soft females with plenty of length and bone and their calves are sappy and ticking along very well. Heifers are currently NSM and are ready to be joined up straight away to the bull of choice. For anymore information please call assessor.
