	The owner implements low stress stock handling techniques on his properties. These heifers were good to handle through the assessment process. Only one heifer becoming slightly agitated in the weighing process
Handled With	Bikes , On foot , Vehicles
Assessor Comments	A/c S & P Grazing offer 26 Angus PTIC Heifers. These heifers are rising 2 years old and are PTIC to LBW Table Top Angus bulls, to commence calving the 1st week of August for 8 weeks. These heifers were purchased off AuctionsPlus from the Pearce & the Stuart Families out of The Central Tablelands near Orange NSW. They were purchased as tops of the drop heifers with no females being retained by their respective breeders. They females are sired by Kenny's Creek, Noonee, Narranmore & Wargundy Angus Bloodlines. They are medium to large frame relative to their age and present in fresh forward store condition. On assessment one Angus heifer observed to have white on her navel and udder, refer media. These heifers are a very smart even line with exceptional temperament and would compliment any commercial operation.
