Assessor Comments On offer are 18x20 Angus Cows & Calves. These females are 2nd calvers that have been re-joined to a Rockwood Angus bull on the 5/12/24 until delivery. They are vendor bred classed in females only being offered due to seasonal conditions. The Sorraghan Angus herd founded on Hazeldean bloodlines and have been using top quality Angus genetics from the USA, Pathfinder, KO & Rockwood Angus bloodlines for 35 plus years. These large roomy females are doing an excellent job on their 3-4 month old CAF. Their calves have an average weight of 141kg, have been marked at assessment and given their first 5in1. These outfits have their whole lives in front of them and would compliment any breeding operation. Please note vendor offer 70 Angus heifers PTIC, offered in three lots sold run out the gate.
