1 Head	White strip underneath to the navel

Assessor Comments

A powerful line of heifers PTIC to Alpine Angus bulls (EBVs attached). These Yellow tag heifers are big, roomy females, that display absolute quality, type and bone. Good cattle to assess and handle. These heifers will be an asset to any top herd or a great lift for a producer looking to secure top end Angus breeding females. Landfall & Clunie Range blood, bred in Tasmania. Highly recommended. On farm inspections available by appointment. *Note there are 5 other lots of differently bred quality Angus heifers in this sale totaling 129 PTIC heifers, all account of MJ Garvey
