Temperament	Yards	Crush	Paddock
	Quiet: 10 head Slightly Stirry: 4 head	Quiet: 12 head Slightly Stirry: 2 head	Temperament not assessed in Paddock

Cows were well behaved throughout assessment, all leading up the race well and standing quietly in the yards after assessment. A few cows were a bit nervous in the crush (this was their second time through, as they were preg tested earlier in the day) Just doing a bit of rocking back & fourth, or showing anxiety about walking in to the crush. They were a bit more anxious in the paddock, not used to being in a smaller mob. But after holding for a few minutes they settled well for photos.

1 Head	White Splash on Flank

Assessor Comments: 60 Pure Rennylea Angus blood, young cows to be offered. Purchased direct A/c Breeder from Bolaro Station in the Monaro. These are Prime of their life 3 year olds with their second calf due in late February. These Cows represent a great example of the Rennylea genetics, being true to type, long, deep bodied breeders with soft, heavy skins & beautiful Angus heads. They have been easy, low maintenance, low cost cows over the trying seasonal conditions we've experienced, running on the side of a hill, with only basic native pastures, and easily carrying a 4 score condition. Cows that present a very good opportunity to secure a young, genetic rich breeder with that risk of maiden calving behind her. Buyers please Note. 60 head in total. 14 in this lot, plus another 2 lots of 23 in same sale
