Assessor Comments	Excellent opportunity to purchase Angus cows 3-4yr old, PTIC to commence calving early Feb in tight calving of 9 weeks off Korangamorah. They've been joined to top end Murdeduke Angus bulls spending upwards of $27,000.. Angus cows have plenty of frame, stretch and bone and present in excellent condition. No expense has been spared on the genetics and import to these Angus operation noted through return buyers buying there weaner calves.. Please note 1 cow has old ring worm (can be seen in photos)
