Assessor Comments	Tops of 500 Steers Bred on Widgiewa station. These steers present in true store condition, representing a wonderful opportunity for someone experiencing a good season to take advantage of the compensatory weight gain that will be seen in these steers going forward. Throw the calculator away and don’t miss this opportunity, if you are fortunate enough to have feed in front of you, this is $$$ staring you in the face IMHO. Small percentage have old pink eye scaring but not considered detrimental, very odd steer displaying small amount of burr on head. 94 of 188 tops of the drop, will be sold as a run out of the gate. Vendor has another 3 lots in sale
