Assessor Comments	Buyers, on offer are 57 predominantly Angus infused EU milk tooth steers that are suitable for the Woolworths trade or restockers looking to background. These steers would also be ideal to take through to heavier feeder weights or to keep and take through to kill weights with potential MSA grading's. These steers show good weight for age, with plenty of length and depth and are showing plenty of softness. Buyers please note 2 head had old blight scaring at time of assessment, 2 steers with minor warts at assessment and 1 steer with a slight larger purse which is only a build up of fat. Steers are very tidy around the heads and come highly recommended.
