Assessor Comments	Bobby McGees "Welaregang Station" offer 19 angus weaner heifers. These weaners are EU accredited and are based out of a noted and renowned upper murray cow herd. With Dunoon, Rennylea, Table Top & Scotts Angus bloodlines these heifers present with great length and style for age coming into the cooler months. With bulls predominantly chosen for high growth and marbling traits, heifers would be perfect to add to new or existing herd base. Heifers bred out of large frame cows that will also prove well for any desired grass or supplementary feed plan with herd having great history with feedlot performance. Please note 2 heifers assessed with old pinkeye scarring but nothing deemed detrimental.
