Assessor Comments	A very neat Good quality lot of Steers and 1 Mickey that are good trade weight to go to grain or put on crop or grass to get to heavier feeder weights which will be easily achieved given the quality and condition these Strs are in .4 X milk tooth and 1 steer just broken.These steers are quiet and will settle in any situation wether it be paddock or grain they will be performers for you.1 Mickey at discount .75c less than what the steers make .He is only a big calf really and will make a very good steer when castrated..Steers have been vaccinated with their 4 in 1 booster and were backline with Moxistar in April this year.
