Assessor Comments	A/c Murndal Pastoral. 108 Black Baldy Steers - August/September 2023 drop - EU Accredited - An opportunity to secure extremely well bred Black Baldy steers with outstanding temperament. At assessment steers weighed from 250-300kg full with the odd calf weighing above 300kg. Calves were yard weaned for 7 days from the 15th February. At weaning they received a 5 in 1 and drenched with 'Cydectin Platinum'. 'Murndal' has always been considered one of the top Hereford herds in the western districts. An operational change 5 years ago saw the introduction of Weeran Angus bulls into the system, with the progeny exceeding expectations! Steers were a pleasure to handle in the yards and crush and come at my highest recommendation! **Please note: Vendor also has a line of 20 steers and 81 heifers in the same sale.
