| Assessor Comments | A line of 63 Black Angus Steers that present in store to forward store condition. A regretful sale due to the dry Autumn season. These steers are small to mainly medium in frame and are fat scores 1's and 2's. Five to Six head in the mob are in very plain condition, however, are more than capable of travelling long distances. Within the mob, there is one steer with a wart on its face but is not concerning the animal. There were four steers that were slightly stirry while under pressure in the crush, the rest were quiet and easy to work with. NOTE FOR BUYER: There are two Black Baldy steers that are not part of this sale but are an option to purchase. Their weights are 355kg and 293kg. Please note: the same Vendors also have a line of 30 heifers in this same sale. An ideal opportunity to put together a B-Double load. |
