Assessor Comments	A terrific opportunity presents itself here for a small but quality line of 62 SIL 1st X ewes joined to high quality Ridgehaven Poll Dorset rams. These ewes are due to commence lambing at the end of March and thus will give the purchaser a quick return on investment. These ewes are 4 to 6 years old and the portion of ewes mouthed had solid, blocky mouths. This is a very good trade opportunity going into positive winter markets or would be a great addition to an existing flock. Please note delivery period in assessment. These ewes are only being offered due to the vendor selling his property so a genuine opportunity
