Joining Details	Not Station Mated
Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.
Notable Traits	Traits 10 Head An approx percent showing non detrimental injection site lump 30 Head An approx small percent the ewes have a raised a lamb that has been weaned off within the last month

Assessor Comments	A great line of young ewes that have been running on light country that will do wonders on improved pastures. These ewes were selected for there ability to grow and shed. Brothers of these performed great in feedlot conditions and given the opportunity there lambs will do the same.
