Assessor Comments	Nice quality draft of Yammatree younger heifers in a very tight weight range of 280-360 kg and there being 192 total in this draft to be sold as two even runs out the gate . These Heifers were weaned early from vendors northern property and have been in containment since and have done extremely well with all the hard work done. These heifers are ideal to either continue onto heavier weights or to keep on as future breeders. The "Yammatree" cattle have a great reputation with many feedlots and we have had great feedback from past purchasers.
