Assessor Comments: An excellent line of EU Accredited Purebred Wagyu heifers that present a rare opportunity for anyone wanting to acquire a top quality line of breeding females. These heifers are backed by industry leading genetics sourced from Joe Grose of 3D Genetics. Not only are they backed by industry leading genetics but also by industry leading performance with all feedback received on the older brothers to these heifers marbling in the top 10% of cattle for intakes during the same period . The Werner family have made a significant investment into the Wagyu breed and it shows not only in their feedback results but also the reputation they have developed amongst the feedlots they supply for top quality well managed cattle. They always supply a consistent well handled clean headed product. These heifers will be no different. Ready join from now until the end of the year to line up with any preferred joining period for the successful purchaser. One heifer with a small blue spot on her eye.
