Assessor Comments	Backgrounders and Bullock growers these steers will not disappoint! EU ACCREDITED and PCAS ELIGIBLE these steers need no introduction to the industry, they are bred by big boned, long, thick sires and out of a very functional large and medium framed cow herd, while being bred in Tordoned forest country. These steers are bred to perform by using great sires from Dunlop & Dangarfield Santa and horned Herefords from Sowden Farms. This is the lead of this year's steers and they have presented very well grown with great length, thickness and softness. I highly recommend this line of steers.
