Steers were good to handle. Flowed through the race and crush well.

Handled With Bikes , On foot , Vehicles

Assessor Comments A neat line of Angus cross steers, they are quiet to handle and would be ideal to grow out to a range of different markets. Steers are unweaned but are easy to handle through the yards and crush. Presenting in good forward store condition with an average weight of 264kg at assessment they would grow out well given the opportunity. (Please not 4 steers have old sign of blight but not causing any affect).
