	Very quiet steers that were a pleasure to handle throughout the whole assessment. 2 steers got slightly agitated on the scales but settled very quickly once released. Vendor puts a lot of time into weaning and handling his cattle correctly.

Assessor Comments	On offer is a quality line of Rennylea blood Angus steer weaners that are ready to power ahead with the right nutrition. Vendor puts a lot of time and effort into handling and weaning his cattle correctly and it shows as these calves are exceptionally quiet and a pleasure to handle through the yards. Calves stand on good bone and are well muscled, soft coated animals.(please note small number of steers have minor ringworm on the head refer photos).
