Assessor Comments: EU ACCREDITED PTIC HEIFERS A quality line of 50 PTIC heifers that are of a run of 152 heifers , these will be delivered as a run out the gate in 3 lots. The vendors spend a lot of time and money on the sires that have built up the Craiglea Program over the last 10 years, so please appreciate the opportunity to buy a great article for your future breeding. Heifers are Te Mania, Landfall and Bongongo blood averaging 474kg at assessment. Preg tested on 22/04/25, they will commence calving in September to a variety of Te mania, Bongongo, Alloura, Pathfinder and Booramooka bulls. These U drop females are easy doing cattle that will mature into quality mothers, an outstanding article not to be missed! Please note a very very odd pink eye scarring that is not detrimental to health
