Assessor Comments

On offer 58 bos indicus cross weaned steers, weighing 185 - 289kgs to ave 228.7kgs full at assessment. Steers present in store to forward store condition and have been grazing very wet semi improved native pasture and with the warmer weather upon us they should go forward with most steers having good frame for there age. Steers would be ideal to take home grow out as feeders or for the kill. Please note 1 steer has thick head due to being late cut also vast majority of dehorned steers have only been done recently . This vendor has 2 lots in this sale.
