Temperament: Yards | Crush | Paddock

	Quiet: 26 head Slightly Stirry: 1 head	Quiet: 26 head Slightly Stirry: 1 head	Temperament not assessed in Paddock

Well educated steers that worked through the yards, race & crush with a minimum of fuss. One steer got a little agitated on scales but very quickly settled once back in the mob. Steers are worked with and have exposure to dogs, buggies, bikes & vehicles. No hesitation in recommending the temperament.

Assessor Comments	Well bred Angus Yearling Steers out of a high grade Rennylea Blood Angus Herd. Complete drop less a small tail of the Vendors Autumn drop steers. Please note that 2 steers are Dunoon Bred & Blood, purchased as young weaners. Heavy boned, framey steers that will make ideal feeders or equally suited as grass fed bullocks. Grass fed & Antibiotic free declaration available on request for the 25 VB steers. 3 Steers noted with old pinkeye scarring but still have sight in the eye (see last photo). There is also a small amount of warts on a few steers but not considered detrimental. Easy access off the Olympic Highway between Albury & Wagga. Steers show good growth and muscle development and will make top grade kill bodies either off grass or grain.
