Assessor Comments	An outstanding line of genetically superior Angus heifers from a renowned North East Victorian herd. Vendor has been breeding angus cattle for 50 years, with focus on fertility, longevity, confirmation, and carcase traits. The vendor has been using Te Mania blood for 46 years with Dunoon bulls introduced over the last 15. These heifers are set up for joining, well grown, drenched and vaccinated, ready to go. The steers have given great satisfaction and have received good feedback wherever they have gone. These heifers would go on to be fantastic breeders or perform in the feed pen.These heifers carry my highest recommendation and will give great satisfaction to any astute breeding program going forward. PLEASE NOTE 2 LOTS OF 85 HEIFERS WILL BE SOLD AS A RUN OUT THE GATE TOTAL 170. 8 heifers carry a cloudy eye not deemed detrimental, and 3 have a splash of white on the udder.
