Assessor Comments	Buyers please consider a line of cows & calves (3 Decks), where all the hard work has been done & ready for your gain. The vendor is selling these cows & calves only as they changing their direction in breeding. All the calves have been branded and had both shots of 7in1. Buyers please note the steers calves are HGP TREATED (which the vendor will do a separate nvd for). These are ideal cows & calves to split shortly as the calves already average 170kg & fatten the cow, with the majority of the cows being large frame & only 3-8 years old they are ideal for this scenario. Of the calves there is 20 steer calves (12 Flatback) & 37 heifer calves (14 Flatback). Buyers please note there is one cow with a lazy ear & one cow with a small lump on her jaw.
