Assessor Comments: Berthong Station is having a season induced herd reduction. This mob are Angus/Limousin cross cows, with 4 straighter Angus cows, ptic to the Mandayen Black Poll Limousin bulls. These are classed in cows that are being offered with a few classed out of them,.. a few with scurs or other issues have been left out. These cows have plenty of volume, have had a calf every year and are in very strong to forward condition. The 3 rising x 12 year old cows have been mouthed and have sound, strong mouths. This is a great opportunity to aquire productive black Angus/euro cross matrons that produce mostly black calves with plenty of muscle power. Berthong are offering 2 other lots in this sale. Quality cattle with our highest recommendation.
