Assessor Comments: Excellent quality line of Dunoon & Rennylea blood Cows & Calves with young Angus sired calves at foot. Big Springs Pastoral have been using Dunoon & Rennylea genetics for over 30 years, with a focus on calving ease, growth (400 and 600 days), IMF and grass/ grain indexes. These cattle have a very good reputation for marbling & performance and have previously been identified as one of the top 100 beef producers by M.S.A. Steer progeny from this herd are highly sort after by high end feedlots with a large percentage going to Rangers Valley targeting marble scores of 5+ in their long fed program. These units are only for sale as the herd transitions to spring calving, providing a great opportunity to buy females out of the heart of a great herd. Wagga saleyards can be used to put a road train together to deliver into the North. Please note: calves are unmarked. Vendor also has another line of 26 x 26 heifers & calves in this sale for a total of 82 x 82 units being offered.
