Assessor Comments	13 PTIC Heifers, Pure Te Mania Blood, Joined to Te Mania Herd Bull S35 for an August/September Calf. JCE Consulting established their Angus herd in 2018 through purchasing classed females with calves at foot direct from Te Mania. Structure, Frame & Temperament have been of high priority whilst classing females over the past 6 years, this annual draft of surplus females highlights this. Heifers present in ideal forward condition ready to commence calving in 8 - 9 weeks. Excellent opportunity to secure maiden females with exceptional weight for age that would be a great addition to any Spring calving operation. Buyers please note, vendor has 2 other lots in same sale, with opportunity to put 27 PTIC females together.
