Docile: 40 head Quiet: 74 head	Docile: 35 head Quiet: 74 head Slightly Stirry: 5 head	Temperament not assessed in Paddock

Very well handled and educated steers easily working through the yards with minimal fuss and settling easily once drafted. Small percentage pushed into the weigh box or became slightly agitated when confined on their own. All steers were calm and settled upon completion of assessment and during photos. Exceptional temperament and a credit to the vendors and their weaner management program.
