A nicely behaved and educated mob of weaners. The yard weaning and associated handling shining through here

Handled With: Bikes , On foot , Vehicles

Assessor Comments: A very nice mob of well handled Red Angus steer weaners. "Myocum" have been breeding Red Angus cattle for the best part of the last 50 years and the quality in the calves does shine through. Good framed July thru September calves, well put

	together, in store condition after the proper weaning just on one month ago. Quiet steers that you could send anywhere. If you have the season here is a nice lot to take full advantage
