Assessor Comments	A complete drop of 22 EU accredited Red Angus x Simmental steers, sired by Waterfront Red Angus Bulls, out of large framed Simmental cows. Averaging 358kg at assessment, they have had their 7 in 1 injection and are weaned and are perfect for a backgrounder or feedlot. Previous drops of these calves have usually been retained by the vendor and grown out into bullocks that returned impressive results. The vendor also has a line of heifers from the same mob in this sale which also will not disappoint. **Please note one Black Simmental x steer in the mob which can be seen in photos**
