When moving from the paddock to the yards they were content and grazed the sides of the road. Got a little quick on their feet when realizing they were cornered in the yards. Walked up the race to the scales without any push but got a little eager

	to get of the scales once trapped in there.

Assessor Comments	Top 66 Steers out of 160. Well bred steers that have plenty of frame and stretch to grow into ideal feeders or bullocks. Noted performers in backgrounding and feedlot operations with a tonne of breeding. These steers are grass fed only and antibiotic free for any producer wishing to target that market.
