Calves flowed through race and crush well. Some calves were unsettled when weighing but settled well into the mob. Calves moved through yards with ease but blocked up well if needed.

Assessor Comments: A line of yard weaned vendor bred Entire Angus Bulls that present in their working clothes. Bulls were yard weaned for 4 days on Rye & Clover silage and will continue to be fed in a small paddock with ad lib Rye & Clover silage until delivery.

	Due to challenging seasonal conditions these Bulls present an opportunity for compensatory gain and should power forward given the opportunity. These calves have not been touched and are all completely entire. Please note the same vendor also has another 2 lots in the same sale giving the buyer the ability to purchase 87 calves.
