| Assessor Comments | A quality draft of weaner Angus Cross Heifers. These would be excellent Heifers for a Trade job or put in back paddock as future replacements. These heifers displayed good length and plenty of bone and should grow into big Heifers like their dams. These heifers have had a prior treatment and also another treatment today so are able to be moved from 30th June to 3rd July. They will be inspected by a certified Inspector and will receive another treatment. we have not had any problems in the past. This is the full weaner Heifer draft for this vendor. These are quality heifers and certainly will not disappoint. These heifers have been born & bred in Lantana Country |
