Assessor Comments	Buyers, Here is a line of vendor bred weaned Angus heifers that average 235kg. Heifers present in good store condition with great length of body with plenty of softness. They have very good depth of body with capacity to fill out, as they are out of a medium to large frame Angus cow herd, by stud Angus sires. Heifers were good to work through yards. These heifers would ideally suit as replacement breeders or backgrounders. Note 2 heifers with small white underline. Heifer's are Grass only eligible and antibiotic free.
